BE REVOLUTIONARY™

WITH A  
**GRADUATE CERTIFICATE IN PROJECT  
MANAGEMENT AND LEADERSHIP (PML)**

**ONLINE, ON-CAMPUS, OR BLENDED**

The **PML** is designed to equip the **STEM** professional with the necessary knowledge, skills, and competencies to holistically **manage and lead** engineering and technology-based projects.

Available to **UMass graduate and Non-degree graduate students** in STEM disciplines

Provides a credentialed gateway to the **Master of Science in Engineering Management (MSEM)** with all three courses eligible to be counted towards degree completion

Offers preparation for industry recognized credentials such as the **Project Management certifications** by the Project Management Institute (PMI) and for key knowledge domains of the **Engineering Manager Professional certifications** by the American Society for Engineering Management (ASEM)

For more information contact Dr. Woodrow W. Winchester, III,  
MSEM Program Director at [wwinchester@umass.edu](mailto:wwinchester@umass.edu)

BE REVOLUTIONARY™

*"Both our Graduate Certificate in Engineering Project Management and Leadership and Master of Science in Engineering Management (MSEM) programs are specially designed with the STEM professional in mind; allowing one to layer their technical depth with the relevant managerial skills and competencies to broaden their decision-making frames and abilities. Our programs equip the STEM professional to effectively lead and grapple, holistically and equitably, with the challenges facing the technology-driven enterprise."*

**WOODROW W. WINCHESTER, III, PHD, CPEM**  
**ENGINEERING MANAGEMENT PROGRAM DIRECTOR, UMASS AMHERST**

*To earn the PML students need to complete the following three courses (9 CHs):*

- **MIE 645: Project Budgeting and Finance for Engineers**
- **MIE 664: Engineering Leadership and Entrepreneurship**
- **MIE 670: Technical Project Management**
